

Spring Cleaning: Windows & Patio Doors

done	to do	instructions & recommended tools
<input type="checkbox"/>	Clean Glass	Getting windows clean and sparkly doesn't have to be hard. For tips to achieve a great view and cautions on cleaning glass visit our Learning Center Care & Maintenance page.
<input type="checkbox"/>	Clean Grilles & Insect Screens	Regular care and maintenance of Andersen® insect screens and grilles is recommended. Use a mild detergent and a soft cloth or brush. After cleaning, thoroughly rinse to remove all soap residue.
<input type="checkbox"/>	Clean or Polish Hardware	Fine metal requires periodic attention to maintain its beauty and characteristics. Do not use harsh chemicals or abrasive cleaners. For details on maintaining your hardware's specific finish visit our Learning Center Care & Maintenance page.
<input type="checkbox"/>	Lubricate Hardware	For years of trouble-free operation use light oil or dry lubricant to keep your products functioning perfectly.
<input type="checkbox"/>	Clean Exterior of Window	Remove dust, dirt, smoke, film, soot and salt spray from the outside of your window using a mild detergent and water solution and a soft cloth or brush.
<input type="checkbox"/>	Touch up Scratches in Paint	Inspect the surfaces of your windows and patio doors and take this time to touch up any scratches with our color matched convenient touch-up paints.
<input type="checkbox"/>	Clean Gliding Patio Door Track	Operate the gliding door panel. If it does not move with ease the patio door rollers may need to be adjusted, cleaned and lubricated with dry lubricant. Also inspect and clean the door track.
<input type="checkbox"/>	Adjust Hinged Patio Door Hinges	Adjust your Andersen® hinged patio door as needed. For instruction guides and videos on adjusting your hinges see visit our Learning Center Care & Maintenance page.
